

Dates	User Stories
27 March, 22	As a student, I want to keep track of my expenses and daily spending so that I can budget my allowance better
27 March, 22	As a resource manager for an event-designing agency, I want to plan the expenditures for each event so that I can try to save as much as possible on each expense.
27 March, 22	As a freelancer, I want to organize my target income so that I have enough money to pay for my utilities
31 March, 22	As a parent, I want to log my expenses based on categories so that I know how much of my salary is going where
02 April, 22	As a student, I want to keep track of anyone I have lent money to and also log their details so that I can collect it later
02 April, 22	As a shopkeeper, I want to track the debtors and their details so that I can remember whoever owes me money
07 April, 22	As someone who appreciates visual aids, I want an app that would visualize my total spending for me so that I can quickly look over it instead of having to read each expense and also learn my spending trend
7 April, 22	As a parent, I want a notification system that would alert me when I am approaching my spending limit for the month so that I do not overspend
14 April, 22	As a businessman, I want an expenditure report of my spending at the end of each month so that I can better learn my spending habits
14 April, 22	As a student residing in a dorm, I want to set a schedule which will remind me to pay for my tuition and living arrangement, so that I do not miss any dates and avoid penalty fees
21 April, 22	As a stay-at-home mom, I want to set limits on my family's monthly grocery budget so that we don't over-spend
21 April, 22	As a student employee, I want to set my tuition fee as my savings target so that I can save up enough to pay my

	semester tuition fee
